affect the audit engagement. (Ref: Para A32–A34)		
<i>ISA 220 Para. A6</i> A6. The engagement partner may identify a threat to independence regarding the audit engagement that safeguards may not be able to eliminate or reduce to an acceptable level. In that case, as required by paragraph 11(c), the engagement partner reports to the relevant person(s) within the firm to determine appropriate action, which may include eliminating the activity or interest that creates the threat, or withdrawing from the audit engagement, where withdrawal is possible under applicable law or regulation.		No
<i>ISA 220 Para. A18</i> A18. The firm shall establish policies and procedures to require the engagement quality control review to include: ... c) Review of selected engagement documentation relating to significant judgments the engagement team made and the conclusions it reached; and <i>ISA 220 Para. 20(c)</i> 20. ISA 230, Audit Documentation		
<i>ISA 230 Para. A16</i> A16. The audit documentation for the audit of a smaller entity is generally less extensive than that for the audit of a larger entity. Further, in the case of an audit where the engagement partner performs all the audit work, the documentation will not include matters that might have to be documented solely to inform or instruct members of an engagement team, or to provide evidence of review by other members of the team (for example, there will be no matters to document relating to team discussions or supervision). Nevertheless, the engagement partner complies with the overriding requirement in paragraph 8 to prepare audit documentation that can be understood by an experienced auditor, as the audit documentation may be subject to review by external parties for regulatory or other purposes.		No
<i>ISA 230 Para. A20</i> A20. Examples of exceptional circumstances include facts which become known to the auditor after the date of the auditor's report but which existed at that date and which, if known at that date, might have caused the financial statements to be amended or the auditor to modify the opinion in the auditor's report. The resulting changes to the audit documentation are reviewed in accordance with the review responsibilities set out in ISA 220, with the engagement partner taking final responsibility for the changes.		No
ISA 240, The Auditor's Responsibilities Relating to Fraud in an Audit of Financial Statements

The engagement partner and other key members of the engagement team shall be involved in planning the audit, including planning and participating in the discussion among engagement team members. (Ref: Para. A4)	<i>ISQC 1 Para. A48</i> A48. The engagement partner may consult the engagement quality control reviewer during the engagement, for example, to establish that a judgment made by the engagement partner will be acceptable to the engagement quality control reviewer. Such consultation avoids identification of differences of opinion at a late stage of the engagement and need not compromise the engagement quality control reviewer's eligibility to perform the role. Where the nature and extent of the consultations become significant the reviewer's objectivity may be compromised unless care is taken by both the engagement team and the reviewer to maintain the reviewer's objectivity. Where this is not possible, another individual within the firm or a suitably qualified external person may be appointed to take on the role of either the engagement quality control reviewer or the person to be consulted on the engagement.	No

In accordance with ISA 220, the group engagement partner is required to be satisfied that those performing the group audit engagement, including component auditors, collectively have the appropriate competence and capabilities. The group engagement partner is also responsible for the direction, supervision and performance of the group audit engagement.		No
<i>ISA 600 Para. 5</i> 5. The group engagement partner applies the requirements of ISA 220 regardless of whether the group engagement team or a component auditor performs the work on the financial information of a component. <i>ISA 600 Para.11</i> 11. In applying ISA 220, the group engagement partner shall determine whether sufficient appropriate audit evidence can reasonably be expected to be obtained in relation to the consolidation process and the financial information of the components on which to base the group audit opinion. For this purpose, the group engagement team shall obtain an understanding of the group, its components, and their environments that is sufficient to identify components that are likely to be significant components. Where component auditors will perform work on the financial information of such components, the group engagement partner shall evaluate whether the group engagement team will be able to be involved in the work of those component auditors to the extent necessary to obtain sufficient appropriate audit evidence. (Ref: Para. A10–A12)		No
<i>ISA 600 Para.13</i> 13. <i>ISA 620 Para. A6</i> A6.
